Ultra 9030HF Digital Portable X-ray Unit

MOST POWERFUL X-ray Unit in its class
"Ultra 9030HF" for Equine Veterinary Use

Innovative designed Ultra-Light, high frequency portable x-ray unit features automated control systems which deal with weak power supply conditions automatically. Producing consistent quality films in the field or office, even while operating on 150’ extension cord. This units 90kV, 30mA output produces more x-ray MR output than ordinary lightweights.

**Ultra Lite:** Only 16 lbs!
**Ultra Fast:** Stifles in less than .05 seconds.
**Ultra Powerful:** 90kV/30mA
**Ultra Detail:** 1kV steps @ 40-90kV
**Ultra Accurate:** Automatic line Voltage and Current compensation
**Ultra High Frequency:** Twice as powerful as other units.
**Ultra Programmable:** Technique memory settings.
**Ultra Easy:** Soft Touch Controls with Digital displays
**Ultra Collimator:** Calibrated cassette size indicator dials.
**Ultra Compact Size:** 10.5”L x 6”W x 6.75”H.

**SPECIFICATIONS:**
- **Weight Class:** Ultra Light Weight
- **Weight in Pounds:** 16 lbs
- **Cabinet Design:** Two Piece
- **Output Power in KW:** 1.5 kW
- **Generator:** High Frequency Inverter Type
- **Digital Display & Technique Selection:** Kv, mAs
  - kvp minimum to maximum with step selection: 40-90kV, 1 kvp step
  - mAs minimum to maximum with 26 step selection: .32 to 30mAs
  - Time minimum to maximum: .02 to 3 seconds in 23 steps
- **mA Maximum:** 30mA
- **Collimator:** Cassette size indicator dials, lamp timer on during prep., off upon exposure
- **Laser Pointer:** Dual Integrated Laser Pointers
- **Automatic Line Voltage and Current compensation:** 82vAc -130 vAc from as little as 5amps line current
- **Line Power Supply Requirements:** 120vAC or 240vAC
- **X-Ray Tube:** Heavy Duty
- **Focal Spot:** 1.2mm
- **Cooling Speed:** 300HU/sec.
- **X-Ray Beam Aluminum Filtration in mm:** 2.5mm Al equivalent @ 80kV
- **Exposure Switch Two Stage Prep. Exposure:** Hand Switch (Optional Foot Switch)
- **Exposure Cord length in feet:** 12 ft.
- **Tape Measure:** Heavy Duty

Complete with Carrying Case, Dual Laser Pointers, H.D. Tape Measure, Manual, and Technique Charts.

**Top ten reasons to purchase a Ultra-Orange portable x-ray unit**

1. Automatic line current plus Line Voltage compensation, No underexposed x-rays
2. Hot swap warranty, Never down
3. 9030HF = 90kV /30mA, Highest power output line of portable x-ray units available
4. Calibrated collimator cassette size indicators with dual laser pointers, No need to use light field for correct cassette to x-ray field size and proper distance indication
5. Bubble tilt angle indicators on both size of unit, Sky line views are a snap when you know the correct angle
6. Weights of the units 90kV = 16 pounds, Lightest weight line of portable x-ray units
7. 2 year no fault labor service warranties with 3 year optional available. No matter the cause, your unit is repaired with warranty coverage covered for up to 3 years.
8. Ready for any digital imager application
9. Reversible face panel for the 9030HF unit providing use on our versa view table.
10. Vertically integrated accessory products
